

# Matsui's New World - Synthetic Layouts

The Matsui Group is very proud to present our latest revelation in the world of layouts. By using all of the latest sophisticated technologies available coupled with Matsui's countless quality and standard testing procedures, we are now satisfied that our new synthetic layouts can bring an immaculate quality finish to enhance playing in casinos worldwide.

## Key Information

- The Layouts are available in a full range from standard basic designs, to complex designs and colours.
- High durability with excellent colour contrast
- Customize layouts with your own designs and logos, according to your gaming floor needs.
- Carefully produced through the heat transfer process to ensure the best quality finish.
